DETAILED ACTION

Election/Restrictions

This application is in condition for allowance except for the presence of claims 3, 17, 25-28 and 33-35, directed to an invention non-elected with traverse in the reply filed on 11/07/2008. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Response to Arguments

Applicant's arguments filed 09/20/2010 have been fully considered and they are persuasive.

Allowable Subject Matter

Claims 1-2, 4-16, 18-24, and 29-32 are allowed.

While the Becker reference discloses substantially similar stent design commensurate with the claims, the Becker reference does not predate applicant's as it was not published until after applicant's filing date. Therefore, it does not qualify as

prior art in the instant application and the claims appear to be allowable of the remaining prior art.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
